Half Moon Bay - Law Enforcement Survey

Survey Methodology*

From January 31 to February 13, 2022, Probolsky Research conducted a live-interviewer telephone and online survey among Half Moon Bay residents.

A total of 300 residents were surveyed. A survey of this size yields a margin of error of +/-5%, with a confidence level of 95%. Interviews were conducted with respondents on both landline (33%) and mobile phones (67%) and were offered in English (91%), Spanish (8%), and Chinese (1%) languages. For the online survey phase, we invited participation via email (50%) and text message (50%). Security measures precluded individuals from completing the survey more than once and allowed only the designated resident to complete the survey. Online respondents were able to use their computer, tablet or smart phone to participate.

The original sample was compiled by Probolsky Research using consumer data to ensure we reached residents on their most current phone numbers and email addresses. Probolsky Research applies a stratified random sampling methodology to ensure that the demographic proportions of survey respondents match the demographic composition of Half Moon Bay residents.

Probolsky Research is a woman and Latina-owned market and opinion research firm with corporate, election, government, non-profit, and special interest clients.

Q32. The City Council recently adopted the Yanira Serrano Presente! program which was developed by the Half Moon Bay Latino Advisory Council. The program was designed to increase transparency and trust between law enforcement and the community, reduce the fear and apprehension many community members face in their interactions with law enforcement, and provide programs and solutions to help prevent future tragedies, including the CARES community mental health responder program. Did you know about the Yanira Serrano Presente! program and the CARES program before this survey?

Female, No, 50-64, Latino/Hispanic, Children under 18 in household: Yes, Length of residency: 20+ years, Household Income: $150,000 or more, English

Question: Is there anything you want to share about the last time you were stopped by the San Mateo County Sheriff's Deputies that serve Half Moon Bay? Question optional.

Answer: My 17 year old son was detained by 7 sheriffs deputies at 2:45pm on a weekday for not having a front license plate. he was interrogated about where he was going, who he was meeting, was asked what the real name of his friend/ hairdresser was, why he was wearing a ring, etc. this went on for at least 15 min and included a supervisor who oversaw the whole thing. before they let him go, the took his picture and his driver's license with a black iPad from the police vehicle "for their database". why is SM sheriff entering minors into their gang database without cause, and without notifying parents'? how is this legal? the city should require the sheriff to report who gets entered into databases, including whether they are minors and their ethnicity. it was clear from the questions they asked my son that they were assuming he was a potential gang member with no basis other than gender, age and race.

Female, No, 40-49, Latino/Hispanic, Children under 18 in household: Yes, Length of residency: 20+ years, Household Income: $150,000 or more, English

Question: Is there anything you want to share about the last time you were stopped by the San Mateo County Sheriff's Deputies that serve Half Moon Bay? Question optional.

Answer: He was fair, we deserved the stop when making an illegal U-turn on highway 1. he explained why (which we already knew) and was friendly the entire time. I would like to mention that we are minorities and the officer was white so this will debunk the whole "racist"

Male, No, 50-64, White/Caucasian, Children under 18 in household: No, Length of residency: 20+ years, Household Income: $50,000 - $74,999, English

Question: Is there anything you want to share about the last time you were stopped by the San Mateo County Sheriff's Deputies that serve Half Moon Bay? Question optional.
Answer: I was running near Cunha when the officer asked what I was doing. The funny thing is that a city council member claims he was profiled after he ran a stop sign on his bike. That's ridiculous. I'm white and I was approached without even committing a crime. it wasn't a problem, the officer was polite, but it's ridiculous for the councilman to claim he was being profiled.

Question: Is there anything you want to share about the last time you were stopped by the San Mateo County Sheriff's Deputies that serve Half Moon Bay? Question optional.
Answer: I am 86 years old, lived with a 22 year old trans student. she cut poison hemlock near our home with a machete. the three deputies that appeared on our porch bristling with guns and tasers were too large to fit on our porch. when I tried to join the conversation to explain the weed cutting, I was shouted at and rudely told "get inside." they almost brought my poor friend to tears, scolding her unfairly for a full ten minutes. I want a well-trained gentlemanly police force back, not this pack of menacing bullies we have from the sheriff's department.

Question: Do you have any suggestions on how San Mateo County Sheriff's Deputies that serve Half Moon Bay can improve their services?
Answer: Yes. Remind them they work for us. Teach them that they are there to help us not be against us. Most the deputies I have encountered with the exception of 1 or 2 are punks and feel like they have something to prove. They are harassing people and kids instead of actually taking care of more important matters. Like the cartel in HMB

Question: Do you have any suggestions on how San Mateo County Sheriff's Deputies that serve Half Moon Bay can improve their services?
Answer: Understand the full story before playing the race card. Sort of like that once city council member who was riding his bike in the wrong side of the road, ran a stop sign, and got stopped for the listed violations but he decided he was pulled over solely because he was Mexican. That was low class on his part and should have accepted the fact that he was wrong.

Question: Do you have any suggestions on how San Mateo County Sheriff's Deputies that serve Half Moon Bay can improve their services?
Answer: Yes. Regularly check and enforce the extensive speeding violations on Miramontes point road between highway 1 and the ritz Carleton. It has zero speed enforcement and most traffic significantly exceeds the speed limit and endangers both pedestrians and cyclists along the road. it is almost like a speedway. it needs regular enforcement of the speed limit, as well as some changes on the road that will cause the general traffic on Miramontes to "slow down".

Question: Do you have any suggestions on how San Mateo County Sheriff's Deputies that serve Half Moon Bay can improve their services?
Answer: Add more officers! also, the cares community mental health responder program will increase crime and violence by sending unarmed non-police civilians to respond to 911 calls. police should have the option of calling in mental health professionals once they have secured the situation and determined that that is what is needed. but only armed police can make that judgment after being on the scene. in short, end the dangerous experiment of substituting social workers for police officers on 911 calls.

Question: Do you have any suggestions on how San Mateo County Sheriff's Deputies that serve Half Moon Bay can improve their services?
Answer: The county sheriffs are terrific. Better and more even-handed treatment of all residents than the fully-funded police dept. Much better. It is a county agency, though, so the proactive side of law enforcement is a naturally a little lower. The homeless issue, for instance, seems like it would be more of a nuisance for county officers than it would be a targeted issue. I included that in the list of priorities just because we're at a critical time for how we're going to handle the homeless -- how we're going to establish effective policies that help the transient population and at the same time not attract a new and larger transient population. It's a tough one, and I think handling it with a countywide approach would be the only thing that might work.
