

FOR MEMBER OF THE CITY COUNCIL

JOAQUIN JIMENEZ

Age: 50

Occupation: Regional Director for JobTrain

I have been a resident of the City of Half Moon Bay for 38 years and an elected City Council Member since 2020. I am the current Mayor for the City of Half Moon Bay. I am bilingual in both Spanish and English and hold a Bachelor's degree in Sociology from CSU Chico. Throughout my career, I have worked in various capacities throughout the county and at present I am the Regional Director for JobTrain, here in Half Moon Bay. My involvement with the community has been very extensive working across different sectors in roles that include Teacher, Juvenile Corrections/Probation Officer for the San Mateo County Juvenile Probation Department, and Farmworker Program Director.

I am an advocate for the Half Moon Bay community, and my dedication and service are well known among my constituency. I have collaborated with the San Mateo County Sheriff's department to provide a safe and secure environment for our families. I have been actively involved with the community bringing innovative ideas to build the economy, create equity, and promote sustainable environmental solutions to the issues our community faces. I have strongly advocated and supported the construction of housing in our community, especially for Farmworkers and Essential workers. I am also the founder of Rancho San Benito, a nonprofit 501(c)(3) that focuses primarily on farmworker upward mobility and environmental conservation.

Please support me and my vision for our community.
